

2025 Annual Impact Report

A MESSAGE FROM OUR CEO

Dear friends and community partners,

Thank you for your partnership and support. 2025 reinforced a clear truth: Community safety is achieved through intentional, community-based violence reduction strategies grounded in accountability, coordination, and trust; each are long-term approaches. Even amid significant challenges, Kansas City continues to make measurable progress toward reducing violence and strengthening safety.

Through KC 360, KC Common Good continued to expand a growing network of partners aligned around shared responsibility for safety. We expanded the Village Initiative into Kansas City's Marlborough neighborhood in 2025. This program continues to strengthen neighborhood-level coordination and reinforce the role of locally-driven strategies in reducing violence and improving outcomes for families.

Kansas City is increasingly visible on the global stage. This visibility allows us to demonstrate what effective community safety looks like: Neighbors, organizations, and public systems working together to prevent harm, respond with care, and sustain long-term peace.

In 2026, KC Common Good and our partners are expanding our network of people, resources, and data to drive lasting improvements in community safety. Building and sustaining trust between residents, community organizations, and law enforcement remains central to this work because long-term safety depends on relationships, transparency, and shared accountability.

To the Kansas City community, our most essential message is this: Safer communities are built collectively. By supporting KC Common Good and our KC 360 partners, you are investing in proven community-led strategies that strengthen neighborhoods today and into the future.

We hope that you can join us this year.

Sincerely,
Klassie Alcine, CEO

2025 saw citywide progress in many key areas of community safety

Citywide Crime Drop

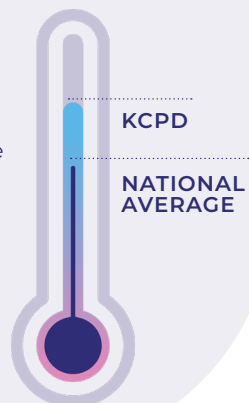

Lowest homicide rate in

8 Years

Down 25% from 2023
Down 5% from 2024

Clearance Rates

KCPD achieved a homicide case clearance rate 17% higher than the national average.

The Next Five Years

In 2025, KC Common Good developed a new five-year strategic plan that will facilitate greater community engagement and build stronger relationships throughout Kansas City.

Our Priorities

Center Neighborhoods

Expand the Village Initiative to 10 neighborhoods and advocate for policies that strengthen communities.

Financial Stability

Build internal capacity with new staff and sustainable funding to support long-term impact.

Lead the Ecosystem

Unite public safety efforts with real-time data and collaborative action.

Strengthen Violence Prevention

Support nonprofits that serve at-risk youth and launch a public awareness campaign to increase community resilience.

Secure Meaningful Support

Engage businesses and philanthropies to invest in neighborhoods most impacted by crime.

Key Programs In 2025

KC 360

KC Common Good convenes and guides KC 360, a coalition program that drives measurable progress in the neighborhoods most impacted by violence. KC 360 expanded in scale and focus, deepening engagements with both youth and the business community through issue-specific subcommittees that turn strategy into action.

KC 360'S 2025 AT A GLANCE

600+

individuals participated in weekly meetings

296

organizations participated across the network

473

participants attended partner-led workshops and programs

62%

of participants reported increased trust with law enforcement

Village Initiative

In 2025, our Village Initiative continued to support lasting change in the Santa Fe neighborhood by mobilizing residents and local leaders through shared accountability. The neighborhood has seen a **33% reduction in shootings** and a decline in robbery and stolen automobiles since the initiative launched in 2022.

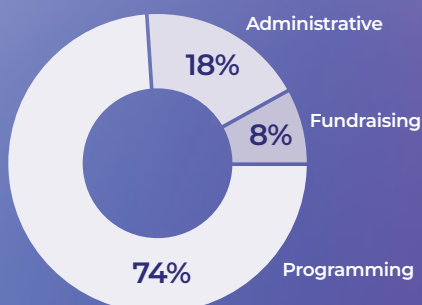

Business 360

Business 360 aligns private sector leadership with workforce and community impact partners. In its first year, this key strategy strengthened community safety by engaging **over 120 local business leaders** in conversations on talent pipelines, employment access, and the business case for safer communities.

Youth Engagement

In 2025, we launched the Youth Advisory Board to create more opportunities for young people to contribute to KC 360. In partnership with Guadalupe Centers and Youth Ambassadors, we also supported Hot Summer Nights. Nearly **200 youth attended** these evening safe spaces during the summer curfew, creating opportunities for connection, leadership, and safety.
